

FOR IMMEDIATE RELEASE

Technologent Achieves U.S. Premier Certification from Cisco

LAKE FOREST, CA, April 5, 2010 – Technologent, a nationwide Solutions Integrator, announced today that it has achieved Premier Certification from Cisco®. To earn Premier Certification, Technologent had to meet standards for networking competency, service, support and customer satisfaction set forth by Cisco.

“We are continually evaluating strategies for providing additional value to our customers,” Marco Mohajer, Technologent Sr. Vice President Sales and Marketing. “Having the ability to offer products from an industry leader like Cisco, in addition to other manufacturers, further differentiates Technologent from our competitors, and reinforces our commitment to provide our customers with solutions that meet their current and future needs.”

“Cisco is committed to providing tools, training and programs to help drive partner growth, differentiation and profitability,” said Surinder Brar, senior director of worldwide channels at Cisco. “With specializations in Cisco Express Foundation Technologent has made an investment in delivering the integrated and customized technology solutions today’s customers demand.”

As a Cisco Premier Certified Partner Technologent demonstrates a range of technical expertise. To achieve Cisco Premier Certification Technologent was required to achieve the Cisco Express Foundation Specialization. This specialization includes tests on technical competency in the integration of basic routing and switching, wireless LANs, and security technologies. In addition, Technologent was required to integrate a base level of Cisco Lifecycle Services into their offerings and demonstrate measurably high levels of customer satisfaction based on independently audited customer satisfaction surveys.

The Cisco Resale Channel Program provides partners with the training required to build sales, technical and Cisco Lifecycle Services skills. Cisco resale partner certifications—Gold, Silver, Premier and Select—represent an increasing breadth of skills across key technologies and a partner’s ability to deliver integrated networking solutions. Cisco resale partner specializations—Master, Advanced and Express—reflect an increasing depth of sales, technical and service expertise in particular technologies.

Cisco, Cisco Systems and the Cisco logo are registered trademarks of Cisco Systems Inc. in the United States and certain other countries.
