

Technologent Announces Availability of Sun Gold Sun Maintenance in Spokane, WA

LAKE FOREST, CA, December 15, 2009 - Technologent, a leading national provider of technology infrastructure solution for Fortune 1000 companies and a certified Women-Owned Business Enterprise (WBE), and Sun Microsystems are pleased to announce that Gold Sun maintenance is now available in the Spokane, WA region.

Certified technical staff has been hired and a regional parts spare depot has been established to ensure that enterprise-level support response times can be met. Gold maintenance includes:

- Hardware Service Coverage from 8-8 M-F
- Telephone Service Coverage 7x24
- VIP Interoperability Support (Oracle, SAP, Symantec, BEA, IBM, EMC, CA)
- Knowledgebase Access
- Solaris Releases and Telephone Support
- On-Demand Solaris Updates
- Sun Alerts and Notifications

“Our customers’ IT environments are becoming increasingly more complex and ensuring application uptime and availability continues to increase in importance.” said Marco Mohajer, Sr. Vice President, Sales & Marketing. “By offering our customers Sun Support Services, we can help them reduce IT operating costs, improve service levels, maximize internal resources, improve security and manage change more effectively.”

Contact Technologent’s team of maintenance professionals today to discuss covering your IT infrastructure under an enterprise-level Gold maintenance contract.
